# Telecoms & Tech Academy In-Company Training

Telecoms & Tech Academy is the leading training partner to the technology, media, and telecom industries, having trained more than 30,000 professionals and 500+ businesses globally. Born of the telecoms industry, we understand the challenges the sector has been facing.

Our training portfolio continues to evolve to help address new and emerging skills gaps telecoms & tech businesses are facing. To provide you with industry-leading knowledge, our learning is influenced by our partners including Omdia.

Whether you'd like to utilise our existing programmes or create a completely customised solution, we've got you covered.

## 32,000+

Industry professionals trained

## 500+

Organisations have benefited

## 50+

Specialist trainers

## What we offer..

Our specialist topic areas include:

- Management
- Innovation & Strategy
- Digital Transformation
- Artificial Intelligence

# Why choose the Telecoms & Tech Academy?

The Telecoms & Tech Academy have a track record of delivering cutting edge training programmes, helping to deliver growth and success to businesses. With 20+ years' experience and a team of expert researchers, we are able to customise and deliver the most up to date knowledge and skills.

Don't just take it from us, take a look at what our clients say...

“ *Our trainer was very experienced. The material that was provided was great and we received some excellent insights on how to handle specific situations.*

- **MTN**, South Africa

”

“ *Very good and recommended course and institute, providing the overall and specific knowledge expected, with good organisation and continued learning programmes after graduating.*

- **Huawei**, China

”
